

DAY FIVE | adult

Pray for men and women involved in Battle for the Heart. Ask God to use this process to give them a deeper understanding of God's grace that they might freely face their own brokenness and sin, repent of it, take faithful steps of obedience as they move towards becoming the men and women God has created them to be, and through their vulnerability invite others into a deeper experience of Biblical community.

Pray that our Life Groups would be a place where the people of OMPC discover more deeply the surprising nature of grace as they experience one another courageously and vulnerably engaging one another and God. Ask that this would then lead us outward into our part into engaging with our neighbors over the fence and beyond.

Pray our Adult Discipleship classes will be a place where Christ-centered teaching, fellowship and discipleship leads to loving the Lord with all of our heart, soul, mind and strength.

Pray for continued growth of our Young Professionals ministry. We expect over 100 young professionals in small groups this fall. Ask God for continued growth and impact among Young Professionals in the Birmingham community.

Ask God to enable us to offer men the opportunity for personal growth and authentic community so every man would leave a lasting legacy. Pray for our No Man Left Behind event for men on Thursday evening, August 30 and the launch of men's groups this fall.

Mark Long is launching a new Adult Discipleship class to provide community and support for parent's of teens. Pray that God would use this class to equip and inspire parents to effectively and Biblically parent their teen age children.
