CELEBRATING 30 YEARS OF IMPACT AT OMPC

As we reflect on the last 30 years of ministry through OMPC, we have seen God sow seeds for a Grace-Driven, Relationally Authentic and Kingdom-Oriented church that is bearing fruit Over the Fence, Over the Mountain and

Overseas! As we begin the next 30 years, we are eager to continue to engage every neighbor with the surprising power of grace with the additional focus on those within our building or, "Over the Pew."

Every week, thousands pass through our doors for worship, school, and community. Within the walls of our building, there is great potential to reflect the values of our church and witness the power of God's transforming grace at work. Through a Surprising Space Transformation, OMPC can more effectively use the current space we have to become a place where people feel welcome to stay and long to return. By transforming our space, we're creating a sense of home for our congregation and community.

We are eager to see our building become a strategic tool for fulfilling our mission as a church. By better representing who we are, we are encouraging growth and impact through spaces intentionally designed to welcome, encourage, and inspire a community calling one another to hope in Christ. Prayerfully join us in transforming our space to reflect the character of our God and the culture of our church!

PHASE ONE redesigns the West Entry Lobby and lower concourse gathering space outside of the Executive Offices. This area is arguably the most heavily trafficked area of the church nearly seven days a week and is very under-utilized.

PHASE TWO is a continuation of Phase One renovations, leading into the B/C-Wings gathering area and then into a barista-style coffee bar with surrounding seating clusters in the S-Wing Commons.

PHASE THREE moves upstairs to reimagine our Welcome Center and foster additional gathering spaces around the Sanctuary and in the B/C-Wings gathering area. This phase is crucial to the welcoming of guests on Sunday mornings.
